15 purpose of operating the registry.

16 (c) provide for the collection of such information as will readily permit the identification and

60 (h) provide that registration is valid for one calendar year in the case of a legal entity in the

62 the event that such entity involved with the collection of signatures for ballot questions that are
63 using paid signature gatherers that were not listed on their original registration for that calendar
64 year, the business must notify the secretary within five working days of becoming involved in
65 the new petition.

66 (i) provide that a natural person, including an owner of a legal entity required to be
67 registered, is ineligible for registration if he or she: (a) has been convicted of a criminal offense
68 involving fraud, forgery, or identification theft within the past five years; (b) has been
69 adjudicated to have engaged in corrupt practices with regard to elections as defined in section 32

76 registration.

77 (k) provide for procedures for the revocation of registrations and the assessment of civil
78 penalties authorized by this section.

79 If a person receives money or other valuable consideration for obtaining signatures of voters on
80 ballot questions and the paid signature gatherer was not registered as required by this section at
81 the time the signatures were obtained, the signatures shall not be counted for purposes of
82 determining whether a petition for a ballot question contains the required number signatures of
83 voters.

84 A registered paid signature gatherer who knowingly submits an invalid signature will have his or
85 her registration number revoked and he or she is prohibited from registering for five years from
86 the date of the state secretary's revocation order. This paragraph applies when: (i) the paid
87 signature gatherer provides a petition that contains an invalid signature as determined by the
88 secretary; and (ii) the secretary determines that the signature was obtained by that paid signature
89 gatherer and the paid signature gatherer knew or should have known the signature was invalid.
90 However, this paragraph does not apply when the paid signature gatherer had no knowledge or
91 reason to know that the signature was invalid including, but not limited to, the paid signature
92 gatherer did not know and had no reason to know the signature was a duplicate, that the person's
93 signature had changed over time and no longer matched the signature on file with the city or

94 town registrar, that the person had moved to a new residence but failed to update his or her voter
95 registration before signing the petition, and the signature did not match a valid registered voter.

97 convicted of a criminal offense involving fraud, forgery, or identification theft; (ii) has been
98 adjudicated to have engaged in corrupt practices with regard to elections as defined in section 32

102 his or her registration application, he or she shall have his or her registration number revoked and
103 he or she is prohibited from applying for future registrations for a period of five years from the
104 date of the secretary's revocation order.

105 When the state secretary is informed that a paid signature gatherer has been convicted of any sex
106 offense, he or she will have his or her registration number permanently revoked and he or she is
107 prohibited from applying for or obtaining future registrations.

108 The failure to register as required by this section by an entity operating in the commonwealth
109 engaged in the activity of collecting signatures for ballot questions using paid signature gatherers
110 will result in the invalidation of any signatures gathered by the entity and its paid signature
111 gatherers and the entity will be subject to civil penalties of up to ten thousand dollars.

112 None of the provisions of this section relating to the registration of paid signature gatherers for
113 ballot questions shall apply to volunteer signature gatherers.

147 is held by any court to be unconstitutional or otherwise invalid, such invalidity shall not affect
148 other provisions or applications of this act that can be given effect without the invalid provision
149 or application, and to this end the provisions of this act are declared to be severable.
