LETTER FROM THE CHAIRMAN

Dear Fellow Conservative,

The American Conservative Union Foundation is proud to present our ratings of the 2017 meeting of the Massachusetts General Court. Like our Congressional Ratings, which date back 46 years, these ratings are meant to reflect how elected officials view the role of government in an individual's life. We begin with our philosophy (conservatism is the political philosophy that sovereignty resides in the person) and then apply our understanding of government (its essential role is to defend life, liberty and property).

Because our ratings are designed to educate the public about how consistently their elected officials adhere to conservatism, we carefully examine the entire docket of legislation introduced in each state every year. We select the most meaningful bills and publish the results after the dust has settled. The ACU Foundation is the only organization to score over 8,000 elected officials each year, including lawmakers from all 50 states and Congress.

The 2016 election dramatically impacted the political landscape of not only Washington but state legislative chambers all across the country. Republicans now have control of both legislative chambers in 32 states, more than double the number they controlled in 2010. With these victories comes an ability to implement policies that restore individual liberty and return us to a limited form of government run by and for "We the People."

It is our hope that these ratings will serve as a guide showing who can be relied on to fight for conservative principles and restore the role of government to what our nation's founding fathers envisioned.

Sincerely,

Matt Schlapp
Chairman
American Conservative Union

SELECTING THE VOTES

ACU researched and selected a range of bills before the Massachusetts General Court that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Massachusetts's elected leaders best defend the principles of a free society: Life, Liberty and Property.

OF STATE SENATORS

MASSACHUSETTS SENATE VOTE DESCRIPTIONS

1. **S 10 Enacting a "Millionaire's Tax" (Roll Call 47).** This bill provides for a constitutional amendment (if approved in a ballot referendum) to impose a 4 percent surcharge on income over \$1 million per a year. Higher tax burdens suppress economic growth, which reduces family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes anti-growth tax increases, which penalize success, and opposed this bill. The Senate passed the bill on June 14, 2017 by a vote of 29-7.

2. **H 3828 Implementing Cost-Saving Reforms to MassHealth (Roll Call 68).** The governor's amendment to the budget bill implements a number of cost-saving reforms to MassHealth, the state's Medicaid program. Some of these reforms include ensuring the program is only utilized by those who don't have access to employer-provided health care and increasing transparency into the way benefits are provided. ACU supports the governor's proposal to ensure the proper use of taxpayer funds and to increase the integrity of MassHealth and supported this amendment. The Senate voted to reject the governor's amendment on July 26, 2017 by a vote of 32-6. (A "No" vote supported the ACU position.)

3. **H 3800 #1 Reducing Funding for the Massachusetts Cultural Council (Roll Call 84).** The governor proposed a 4 percent reduction in funding for the Massachusetts Cultural Council, a wasteful agency that provides grants to artists and non-profit groups that promote "inclusion and diversity" in the arts. ACU opposes the use of taxpayer funds for functions outside the constitutional role of government, such as "artwork," and supported the governor's proposal. The Senate voted to override the governor's veto and restore the funding on September 28, 2017 by a vote of 37-0. (A "No" vote supported the ACU position.)

4. **H 3800 #2 Eliminating the Sewer Rate Relief Fund (Roll Call 115).** The governor proposed to eliminate the Sewer Rate Relief Fund, which unfairly rewards highly indebted municipalities by subsidizing their sewer service. ACU opposes the practice of forcing taxpayers in other parts of the state to reward municipalities for their out-of-control spending and supported the governor's proposal. The Senate voted to override the governor's veto and restore the funding on October 4, 2017 by a vote of 34-3. (A "No" vote supported the ACU position.)

5. **H 3800 #3 Reducing Public Campaign Financing (Roll Call 113).** The governor proposed a 1 percent reduction in funding for the Office of Campaign and Political Finance, an agency that uses public funds to help finance the campaigns of certain candidates running for office. ACU believes taxpayer funding of elections is improper, wasteful, and an infringement upon free speech and supported the governor's proposal. The Senate voted to override the governor's veto and restore the funding on October 4, 2017 by a vote of 34-3. (A "No" vote supported the ACU position.)

6. **H 3800 #4 Eliminating Funding for Real Estate Investment Programs (Roll Call 200).** The governor proposed to eliminate funding for the Transformative Development Fund, a program that promotes cronyism by using taxpayer funds to attempt to centrally plan cities through real estate investments. ACU opposes central planning and government interference in the free market and supported the governor's proposal. The Senate voted to override the governor's veto and restore the funding on October 19, 2017 by a vote of 31-6. (A "No" vote supported the ACU position.)

7. **H 3800 #5 Reducing Funding for Economic Development Projects (Roll Call 195).** The governor proposed a 15 percent reduction in funding for the Office of Housing and Economic Development, an agency that provides grants to select businesses and organizations for activities that are not the proper role of government, such as economic development and "business incubation." ACU supports cutting improper spending and supported the governor's proposal. The Senate voted to override the governor's veto and restore the funding on October 19, 2017 by a vote of 34-3. (A "No" vote supported the ACU position.)

8. **H 3800 #6 Reducing Funding for Energy Conservation Earmarks (Roll Call 148).** The governor proposed a 3 percent reduction in funding to the Department of Energy and Environmental Affairs, thereby cutting certain wasteful and special interest earmarks for energy conservation projects and beach revitalization programs. Increased government spending has a negative effect on both the public and private sectors of a community, which reduces family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU supports cutting unnecessary spending that only benefits special interests and supported the governor's proposal. The Senate voted to override the governor's veto and restore the funding on October 19, 2017 by a vote of 30-7. (A "No" vote supported the ACU position.)

-
9. **H 3800 #7 Reducing Funding for “Free” School Breakfasts to All Children (Roll Call 253).** The governor proposed a 5 percent reduction in funding to an earmark covering the school breakfast program which provides free school breakfasts to all children regardless of their families’ income. In addition, the earmark mandates funding for a “chefs in school” program that brings outside chefs into schools to teach people how to create healthier meals. ACU opposes government assistance programs that fail to take income into account, as well as wasteful initiatives that take away funds from basic education and supported the governor’s proposal. The Senate voted to override the governor’s veto and restore the funding on November 2, 2017 by a vote of 32-6. (A “No” vote supported the ACU position.)
-
10. **H 3800 #8 Reducing Funding for Travel and Tourism (Roll Call 248).** The governor proposed a \$7 million reduction in funding for the Office of Travel and Tourism, an agency that has a near never-ending list of outrageous and duplicative grant programs covering things such as art, culture, recreation, festivals, civic engagement and clean energy. ACU finds it absurd for a state to fund so many wasteful and duplicative programs when it is facing a \$1 billion budget deficit and supported the governor’s proposal. The Senate voted to override the governor’s veto and restore the funding on November 2, 2017 by a vote of 36-2. (A “No” vote supported the ACU position.)
-
11. **H 3800 #9 Reducing Funding for Rental Assistance Programs (Roll Call 242).** The governor proposed an 8 percent reduction in funding for a state-run rental assistance program which provides taxpayer-funded subsidies to those whose housing costs exceed just 25 percent of their net income. An overreliance on welfare diminishes recipients’ employment prospects, keeping families out of the workforce and unable to prosper, as illustrated by the ACU Foundation’s Family Prosperity Index. ACU opposes government redistribution programs which often trap families into intergenerational poverty and supported the governor’s proposal. The Senate voted to override the governor’s veto and restore the funding on November 2, 2017 by a vote of 33-5. (A “No” vote supported the ACU position.)
-
12. **H 3800 #10 Reducing Funding for Community Organizations (Roll Call 234).** The governor proposed a 12 percent reduction in funding to numerous community non-profit organizations, some of which are politically active (e.g., Urban League of Eastern Massachusetts) and use their government funding to finance efforts to attain even more taxpayer money. ACU opposes the practice of providing taxpayer funds to government-favored non-profit organizations and supported the governor’s proposal. The Senate voted to override the governor’s veto and restore the funding on November 2, 2017 by a vote of 31-7. (A “No” vote supported the ACU position.)
-
13. **S 2190 Laying the Ground Work for Single-Payer Health Care (Roll Call 277).** An amendment to a health care bill requires the state to develop a benchmark plan to enact a single-payer health care system in the state. ACU opposes socialized medicine and the deadly consequences such a system would bring to the state and opposed this bill. The Senate voted to pass the amendment on November 8, 2017 by a vote of 35-3.

MASSACHUSETTS HOUSE VOTE DESCRIPTIONS

1. **H 3600 (Amendment #891) Reducing the Income Tax Rate (Roll Call 26).** This bill requires the full implementation of the reduction in the maximum income tax rate to 5 percent by linking the legislative action to the inevitable implementation of a separate ballot initiative legalizing the use of recreational marijuana. ACU's scoring of this bill is not based on the merits of marijuana legalization. ACU supports pro-growth tax relief and supported this bill. The House failed to pass the bill on April 24, 2017 by a vote of 36-123.

2. **S 10 Enacting a "Millionaire's Tax" (Roll Call 67).** This bill provides for a constitutional amendment (if approved in a ballot referendum) to impose a 4 percent surcharge on income over \$1 million per a year. Higher tax burdens suppress economic growth, which reduces family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes anti-growth tax increases, which penalize success, and opposed this bill. The House passed the bill on June 14, 2017 by a vote of 105-48.

3. **H 3828 Implementing Cost-Saving Reforms to MassHealth (Roll Call 79).** The governor's amendment to the budget bill implements a number of cost-saving reforms to MassHealth, the state's Medicaid program. Some of these reforms include ensuring the program is only utilized by those who don't have access to employer-provided health care and increasing transparency into the way benefits are provided. ACU supports the governor's proposal to ensure the proper use of taxpayer funds and to increase the integrity of MassHealth and supported this amendment. The House voted to override the governor's veto and restore the funding on September 13, 2017 by a vote of 138-14. (A "No" vote supported the ACU position.)

5. **H 3800 #2 Eliminating the Sewer Rate Relief Fund (Roll Call 97).** The governor proposed to eliminate the Sewer Rate Relief Fund, which unfairly rewards highly indebted municipalities by subsidizing their sewer service. An overreliance on welfare diminishes recipients' employment prospects, keeping families out of the workforce and unable to prosper, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes government redistribution programs which often trap families into intergenerational poverty and supported the governor's proposal. The House voted to override the governor's veto and restore the funding on September 13, 2017 by a vote of 122-30. (A "No" vote supported the ACU position.)

10. **H 3800 #7 Reducing Funding for "Free" School Breakfasts to All Children (Roll Call 198).** The governor proposed a 5 percent reduction in funding to an earmark covering the school breakfast program which provides free school breakfasts to all children regardless of their families' income. In addition, the earmark mandates funding for a "chefs in school" program that brings outside chefs into schools to teach people how to create healthier meals. ACU opposes government assistance programs that fail to take income into account, as well as wasteful initiatives that take away funds from basic education and supported the governor's proposal. The House voted to override the governor's veto and restore the funding on September 27, 2017 by a vote of 136-17. (A "No" vote supported the ACU position.)
-
11. **H 3800 #8 Reducing Funding for Energy Conservation Earmarks (Roll Call 213).** The governor proposed a 3 percent reduction in funding to the Department of Energy and Environmental Affairs, thereby cutting certain wasteful and special interest earmarks for energy conservation projects and beach revitalization programs. Increased government spending has a negative effect on both the public and private sectors of a community, which reduces family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU supports cutting unnecessary spending that only benefits special interests and supported the governor's proposal. The House voted to override the governor's veto and restore the funding on October 4, 2017 by a vote of 123-32. (A "No" vote supported the ACU position.)
-
12. **H 3800 #9 Reducing Funding for Economic Development Projects (Roll Call 235).** The governor proposed a 15 percent reduction in funding for the Office of Housing and Economic Development, an agency that provides grants to select businesses and organizations for activities that are not the proper role of government, such as economic development and "business incubation." ACU supports cutting improper spending and supported the governor's proposal. The House voted to override the governor's veto and restore the funding on October 4, 2017 by a vote of 122-32. (A "No" vote supported the ACU position.)
-
13. **H 3800 #10 Reducing Funding for Community Organizations (Roll Call 237).** The governor proposed a 12 percent reduction in funding to numerous community non-profit organizations, some of which are politically active (e.g., Urban League of Eastern Massachusetts) and use their government funding to finance efforts to attain even more taxpayer money. ACU opposes the practice of providing taxpayer funds to government-favored non-profit organizations and supported the governor's proposal. The House voted to override the governor's veto and restore the funding on October 4, 2017 by a vote of 121-34. (A "No" vote supported the ACU position.)
-
14. **H 3800 #11 Reducing Funding for Travel and Tourism (Roll Call 242).** The governor proposed a \$7 million reduction in funding for the Office of Travel and Tourism, an agency that has a near never-ending list of outrageous and duplicative grant programs covering things such as art, culture, recreation, festivals, civic engagement and clean energy. ACU finds it absurd for a state to fund so many wasteful and duplicative programs when it is facing a \$1 billion budget deficit and supported the governor's proposal. The House voted to override the governor's veto and restore the funding on October 4, 2017 by a vote of 143-11. (A "No" vote supported the ACU position.)
-
15. **H 3994 Committing the State to the Paris Climate Treaty (Roll Call 276).** This bill commits the state to meeting the greenhouse gas emissions reduction goals laid out in the Paris Climate Treaty. In addition, the bill makes the state a "non-party stakeholder" in the accord and would direct state officials to document their emissions reductions efforts in a database developed by the United Nations. ACU has long opposed the Paris Climate Treaty and opposes this political stunt to weaken the efforts of the Trump Administration to protect America's interests. The House voted to pass the bill on November 1, 2017 by a vote of 146-10.
-
16. **H 4009 Mandating Insurance Coverage of "Free" Contraceptives without Religious Protections (Roll Call 279).** This bill forces all health insurers in the state to provide coverage for birth control without a copay. The bill also fails to provide any protections to employers who have a religious or moral objection to providing contraceptive coverage to their employees. ACU opposes insurance mandates and believes the use of contraceptives is a matter of individual liberty and not something others should be forced to pay for through higher insurance premiums and opposed this bill. The House voted to pass the bill on November 8, 2017 by a vote of 140-16.
